## Cowboy Entertainer

All over the country, cowhands and other lovers of the West whoop and holler and sing along with Texas original cowboy entertainer, Joe Green. Joe stirs it up with his own brand of cowboy poetry, stories and songs.

Joe weaves his experiences with people, cattle, horses and the land into fascinating stories, poems and songs. Much of Joe's experience is rooted in his early childhood in the piney woods of deep Southeast Texas and his youth out on the Edwards Plateau and Concho River Valley of West Texas. Joe's later life experiences ranging from cowhand to educational leader provide further fodder for a fun show.

Joe's all-original Ten Gallon Records CD, "Back to the Good Old Days" is a top ten hit on cowboy and western music radio charts across the nation. Joe's newest CD, "Texas Original - Live" is getting great reviews from coast to coast.

Today, Joe is a full time poet, storyteller and performing songwriter traveling from state to state and town to countryside passing along his take on our western heritage.
